Dear International Students,

If you are planning to return to campus for the fall 2020 semester, please review the following information for COVID-19 testing and quarantine requirements. Detailed information on testing can be found at: [http://health.rutgers.edu/general-resources/covid-19-testing/](http://health.rutgers.edu/general-resources/covid-19-testing/)

**Students intending to live in on-campus housing:**

- Students traveling from international locations, as well as those from the states designated as restricted by the NJ State authorities, will be required to quarantine for 14 days upon arrival in New Jersey.

- Must have COVID-19 PCR testing done 1-3 weeks prior to the move-in date. You must upload your PCR test at [go.rutgers.edu/COVID-19-Testing](http://go.rutgers.edu/COVID-19-Testing).

- An additional test will be administered at move-in. Complete the questionnaire found at [go.rutgers.edu/COVID-19-Testing](http://go.rutgers.edu/COVID-19-Testing), print a copy of the form and bring this form with you at move-in. Students who will be living on campus for the fall will be able to quarantine in designated quarantine rooms on campus upon move-in. Students should be prepared for the two-week quarantine by preparing a bag with enough clothing, personal items (including a thermometer) to last for their full quarantine time – 14 days. Food will be brought to your room during quarantine. You may not leave your room during quarantine, except to seek medical attention.

- Students should also bring any items needed for remote learning, especially if their quarantine time extends beyond the first day of classes. You will not be allowed to attend any in-person classes while under quarantine.

**Students living off-campus but returning to the Rutgers campus area for some in-person activities during the fall semester:**

- Students traveling from international locations, as well as those from the NJ restricted travel states are strongly advised to quarantine for 14 days upon arrival in NJ.
• As with students in on-campus housing, students in off-campus housing should also bring any items needed for remote learning if the quarantine time goes beyond the first day of classes. Students will not be allowed to attend any in-person classes while in quarantine.

• Additional testing information can be found at: [http://health.rutgers.edu/general-resources/covid-19-testing/](http://health.rutgers.edu/general-resources/covid-19-testing/)

If you are part of a student group identified as requiring testing (e.g. students desiring to live in on-campus housing), you will be contacted via email.

Best wishes,

Rutgers Global - International Student and Scholar Services (ISSS)
